Internship Positions

Mission

The Latinx Resource Center (LRC) was founded in 2020 to raise awareness of social, political, economic, historical and cultural realities of the Latin and Chican communities. We accomplish this mission by offering resources, programs, and a space where cultura, arte and academia are interconnected. Our vision is that these efforts will broaden access, increase retention and ensure a clear pathway to graduation through the empowerment of Latinx and Chicanx students.
